

welcomerewards™

from hotels.com®

At hotels.com® we're excited to introduce **welcomerewards™**, a new loyalty program that offers our frequent guests remarkable benefits. There are no confusing terms, complicated restrictions or impossible requirements. It's our mission to make the process of researching, selecting and booking a hotel an effortless experience. The same goes for **welcomerewards** – we've made it as easy as possible to enjoy the rewards.

Simple

We designed a program that's simple to understand and use. There are no points to collect, no complicated restrictions, no blackout dates, and stays at every property count the same – whether it's a two-star motel in Memphis or a four-star bed & breakfast in Boston. When guests book and stay 10 nights with hotels.com, they'll automatically earn a free night at a location of their choice – it's that simple.

Flexible

We know the same hotel – or chain – might not be right for every trip. That's why we have created a program that gives members more options. Travelers can earn rewards at an airport hotel in Toledo, and redeem them in at an all-inclusive family resort in Orlando. Our loyalty program offers unrivaled flexibility, giving our guests a wide selection of more than 53,000 properties – from hotels and all-inclusive resorts to condos and bed & breakfasts.

Speedy

We want our guests to earn rewards quickly. **welcomerewards** is designed to be one of the speediest plans available, requiring fewer stays than other hotel rewards programs. Guests earn a free night with every ten they book. Since every property stay counts the same, regardless of star rating, location, rate or lodging type, members can benefit from rewards very quickly.

Program Highlights

- Book any combination of 10 total nights with hotels.com, and receive a free night's stay
- Earn and redeem rewards at more than 53,000 hotels.com partner properties
- No blackout dates – redeem rewards wherever, whenever
- Redeem your free night for a value of up to \$400
- Winner of *Budget Travel* magazine's "Extra Mile Award" in 2008 for providing a "blissfully straightforward program ... that actually pays off and is easy to use."
